

## Everyday Matters

Dear Parent/Guardian,

We invite your child to participate in the Everyday Matters program that our school offers in partnership with YouthCARE.

Everyday Matters supports WA school communities through programs that develop life skills in students. Trained volunteers teach values and beliefs through Bible stories, games, activities, craft, drama and music.

Volunteers are trained to be respectful of every child from every background.

To give permission for your child to attend, please complete the form below and return it to the school office.
